A new main show tape was not made to go with this retrofit; you are to switch back to Chuck E.'s "Hit Parade" tape. I've also included an "Eerie Sounds" background cassette tape in your kit. It is strictly up to your district manager whether or not background music is to be played in your store. Check with your district manager before using this tape.

This show may be installed as soon as it's received, and will run through October 31, 1985.

Please inventory your kit for all the above items. If you are missing any parts or need assistance feel free to call me at 214/258-8507 ext. 466.

* This kit was offered directly by Fantasy Forest as an optional addition to this show for a cost of $20 to the store. If your store has ordered this optional kit, please wait until kit arrives to begin installation of this show.
